Points

Reading Comprehension	Vocabulary	Phonics	Grammar	Total
_____/7	_____/5	_____/3	_____/5	20

This test consists of (4) pages.
Answer all (4) questions in the test.

Directions to Students:

- Read the texts and the questions carefully.
- Write all answers neatly.
- Use complete sentences, correct grammar and spelling, and proper punctuation and capitalization.

A). Read the text. Then, answer the questions below.

Swans also take care of their young. One parent stays with the babies at all times. This keeps them safe and secure. The babies cannot fly for many months after they are born. It is hard for them to escape danger when they cannot fly. The adult swans work hard to keep other animals away from their babies. They also teach their babies how to take care of themselves. Soon, they will be old enough to fly.

Q1. What is the genre of the text? (/1)

Q2. Can the baby swans escape danger? Why? (/1)

**Q3. From the text, find a word that means "something that can cause harm."
_____ (/1)**

Q4. Critical Thinking:

Do you think that you need someone to take care of you? Explain! (/1)

B). Read the following text. Then, answer the questions below.

Animals live in many different places like forests, oceans, deserts, and jungles. No matter where **they** live, animals must find ways to stay safe from danger. They use their bodies, colors, and smart behaviors to survive. Some animals have hard bodies to protect themselves. Turtles have strong shells. Armadillos roll into a ball. These hard coverings keep them safe from harm. Other animals live in groups. Birds fly in flocks. Wolves hunt in packs. Being in a group helps animals protect each other and watch for danger.

1. Where do animals live? (/1)

2. How does a turtle stay safe? (/1)

3. Living in groups protect animals from danger. T / F (/ .5)

4. The pronoun "**they**"; line (2) in the sentence: "**No matter where they live...**" refers to _____ (/ .5)
