

## Vocabulary Test on Unit 2 "Doctors Without Borders"

\_\_\_\_\_/10

A. Read the following paragraph carefully. Then, fill in each blank with the most suitable word. There is one extra word.

teamwork – supplies – ~~commit~~ – skills – healthy –  
refugees – courageous – sufficient

Refugees are people who leave their homes because it is not safe to stay. They are very courageous because they travel to new places to find safety. Many kind people give them aid by bringing supplies like food, water, and blankets. Everyone uses teamwork to share what they have and take care of each other. Refugees also learn new skills to build houses, cook, or fix things in their new home. When refugees get sufficient food and clean water, they can stay strong and healthy.

B. Read the following paragraph carefully. Then, fill in each blank with the most suitable word. There is one extra word.

emergency – medicine – heroes – training –  
~~tsunami~~ – destroyed – intervene – victims – aid

When a big flood hit a small town, everything was destroyed. Houses, cars, and roads were gone in minutes. Many people were hurt and needed aid. It was an emergency, so rescuers came quickly to intervene, or step in, and save lives. The rescuers had special training that helped them stay calm and know what to do. The rescue workers gave medicine to people who were hurt. These brave men and women were true heroes because they risked their lives to help the victims of the flood.
